Am I missing something here?? What in the hell is going on...that we have people voting on oil containment proposals? I thought Kurt Hansen was already performing this task at UC in Houma??

Hi Folks,

Attached are the containment proposals referenced in yesterday's email (5/31, 7:08 PM from Dana Tulis). We need you all to review - so we can get the top 5 list by 0900 tomorrow (6/2). Please get your votes back to Gilberto Irizarry or by replying to this message (EOC Manager in-box).

Reminder: The ratings for the remediation proposals are due at 1300 today.

A revised rating sheet is also attached.

Regards,

Tito
